

Paper Pinwheels

Put a spin on the way you look at paper.

Assembly Instructions

1. Cut out each shape along the dotted line - *you'll need two pinwheel shapes.*
2. Lay the two pinwheel templates on top of each other and using a brad, fix the centers of the two together.
3. Arrange the flower pieces from smallest to largest.
4. Use a brad or grommet to attach the flower center to the punched and folded ends to make the front of the pinwheel.
5. Admire your breezy, beautiful pinwheel!
